

Hoist system

063.0600 Hoist system for fully divisible stand

The SmartMetals hoist system makes it possible for one person to hoist a flat screen up to 85 kg out of a flightcase on the stand. The screen is attached to a SmartMetals fully divisible stand and is, by using the hoist system, taken out of the flightcase. After the screen has reached its preferred height on the stand, the hoist system can be removed.

Hoist system

Features

Weight: 9.45 kg

Colour: Black
