

## Floor to ceiling column

### **063.0850 EOL** | Floor to ceiling column 3000mm for flat panels max. 90 inch, 100 kg

Some locations have walls for which the screen plus wall mount are too heavy for installation. The regular flat screen stand will be implemented here in most cases, but it is taking up a lot of space. SmartMetals therefore developed a room-saving solution, based upon the design of our stand, but then mounted to the floor and fastened to the ceiling. This solution allows the weight of the screen to be strained on the floor. A max. weight of 100kg can be mounted to the stand head. One of the following screen mounts should be added: 052.1000/.2000/.6000, which can be chosen based upon the weight and mounting pattern of the screen.

**This product is "End of Life" and will no longer be produced.  
It can be supplied as long as stock lasts.**

Floor to ceiling column

Features
