

## Outdoor trim LG 55XE4F

### 092.1804 EOL | Trim for LG 55XE4F

You increasingly see them on the street: digital outdoor displays. Large displays along roads, in shopping malls and other public spaces where a lot of people pass by. For companies, these are ideal places to communicate with their customers.

LG designed an all-in-one digital signage solution specifically for outdoor applications: the LG outdoor, XE4F Series. A slim and robust design with excellent image quality.

With the SmartMetals 092.1804, trim for LG 55XE4F, you can neatly seal and finish the LG outdoor display. This trim must be combined with the accompanying outdoor wall mount, 092.1802, and fits seamlessly with the slim and robust design of the LG outdoor display. The trim meets all outdoor quality requirements: the special anti-corrosion treatment protects the product against the most extreme weather conditions and ensures a long service life.

#### **Benefits at a glance:**

- Anti-corrosion treatment for an outdoor installation
- Theft delaying
- Portrait and landscape position
- Stylish design
- Fast and easy installation
